

FOOT BALL SEASON.

Wheeling to Have a Team With Games at the Ball Park.

THE OLD AETNAVILLE'S MAKE UP

The New Team Which Will Probably be Known as the "Wheeling Tigers," Games With the Big College Eleven Will be Arranged—The Base Ball Season About Over—No Series With Franklin—Wheeling Takes the Pennant—Other Sporting News.

Wheeling is to have, for the first time in the history of the game, a first class foot ball team. For three or four seasons the foot ball interests of Wheeling and over-the-river towns were cut up and the result was that the Greater Wheeling which comprises the city and surrounding towns, was not properly represented on the gridiron.

Yesterday representatives of the well known Etznaville team, which probably has more of the better players, than any other organization in the vicinity, met Secretary Barrows, of the Wheeling base ball club, who consented to take the management of the team, which is to be known as the "Wheeling Tigers." A series of games will be arranged for the fall, commencing October 1st and continuing on to December. The games will be played on the Island ball park, than which a better field could not be secured.

It is the intention of the management to have games with a number of the top-notch teams of the country including several of the noted college organizations. Washington-Jefferson, University of Pennsylvania, University of Virginia, Pennsylvania State College, Ohio State University, Wesleyan University and others will be brought on. Altogether the outlook for football here is very bright.

BASE BALL COMMENT.

Probably No Series With Franklin—The Pennant for the Double Season Comes to Wheeling—The Wheeling's Benefit Game.

It is not probable that the Franklins will contest with the Wheelings for the double season championship of the Iron and Oil league. The Wheeling management tried to arrange for the five games that would decide the championship and ownership of the Spalding pennant, but the Pennsylvanians are on the ragged edge and would not consent to meet Wheeling. For this reason the double season championship and pennant will this week be awarded to the Wheeling club. Thus for the first time in the history of professional ball in Wheeling the town possesses a champion ball team.

If Franklin does not come to time it is probable that this week will wind up the professional base ball season here. The Pittsburghers are scheduled to play against the Nallers on Friday, and an effort is being made to secure the Cleveland Spiders for a game with the Wheelings on Wednesday afternoon. Secretary Barrows had not heard from the second placers last night, but it is probable the game will be arranged. The Wheeling management offered Tabean a \$300 guarantee for the game here. The Brooklyn carried off \$350 when they were here early in the season.

Tickets are out and for sale for the benefit game to be played by the Wheeling players on their own track next Saturday afternoon, and there should be a large crowd as the boys deserve a good send-off on the eve of their departure for winter quarters. They have without exception played top-notch ball from the beginning to the end of the season. Their opponents will be a team made up of returned professionals from the several minor leagues. It should be a good game.

Base Ball Notes.

Kerr has recovered his batting eye. It's a good thing.

Shaw has been fielding a wonderful game during the past week.

Barrett, of the Warrens, is to be given a trial by Pittsburgh this fall.

Catcher Davis thinks McCombs will develop into a good pitcher next year.

If Cleveland comes, Staley will probably pitch for the locals. On Friday Kane will go against the Pirates.

Wheeling meets Pittsburgh on Friday, the thirteenth. It will be an unlucky afternoon for one of the teams, sure.

The Wheelings defeated the Ramblers Saturday afternoon, 7 to 0. McCombs, for the Ramblers, was wild, but was not hit hard. Conover pitched one ball, the amateurs getting but five hits, two of them scratches.

After losing the pennant here, the Warrens have the nerve to play New Castle for the second series championship; at least that's the way it comes from New Castle. However, Wheeling wins the pennant and the championship.

Needham and Moore.

St. Paul, Minn., Sept. 8.—J. H. Hermann, manager of the Lakeside Athletic Club, has matched Dick Moore and Danny Needham for a twenty round contest October 10 for a purse of \$1,500. The men also put up \$500 each and the winner will take all of the purse and stakes.

A GOOD SUGGESTION.

Mr. J. M. Dillon for Superintendent of the City Gas Works.

Sir:—As the time for electing a superintendent of the gas works is approaching, allow me to call the attention of those who have the appointing power to one of the applicants, J. M. Dillon. Mr. Dillon is one of our oldest and best known citizens, having been identified with the history of the city for over sixty years. He is an old man, but able bodied and physically and mentally competent for the duties of the office. The knowledge gained by fifty years' experience in the plumbing and gas-fitting business has made him an authority on any question relating to water or gas. On this subject he is the best posted man in the country.

During the two terms which he served as superintendent the gas works were kept in good condition, and produced more gas and of a better quality at less cost than ever before or since. By his superior knowledge, as can be shown if necessary, he saved the city annually hundreds of dollars. He was not discharged for incompetency or neglect of duty, but for partition reasons—he was not a Democrat.

Besides, he is a man of unswerving character, sober, honest, truthful, more could be said, but this is enough.

FIVE JUSTICES.

Wheeling, Sept. 8.

Dr. Miles' Pain Pills stop Headaches.

LOCAL BRIEVITIES.

Matters of Minor Moment in and About the City.

Now a show is billed for either of the theatres in town this week.

A MANUFACTORY of mattresses is the latest new industry talked of for Wheeling.

The Ancient Order of Hibernians has moved from Trades Assembly hall to the Odd Fellows' hall building.

EMPLOYEES of the Riverbank Iron works at Benwood have been notified to be vaccinated before reporting for work.

FINE weather than that of yesterday could not be desired. There was a general rush to the parks and the country.

Mr. W. A. Isert on Saturday let the contract to J. A. Holliday & Son for an elegant new residence on North Main street.

ALL the public schools but those of the fifth and sixth wards will reopen this morning, but only vaccinated children need apply.

LOTS of people have moved out of the South Side wards, B. & O. employees were given their choice of moving out or throwing up their jobs.

A MARRIAGE license was issued Saturday to Carl Gattel, a native of Germany, aged 25, and Tillie Warsnauk, a native of Wheeling, aged 19.

THE Riverside blast furnace, which has been shut down for nine weeks, will resume operations this morning, giving employment to quite a number of hands.

FULTON was said to be unprecedently quiet yesterday—for Fulton. As a result of the attention paid it by the recent grand jury only one saloon was open.

OFFICER McGee last night ran in a vagrant. He had been wanted to get a move on him several times, but insisted on sleeping in a doorway, and was locked up.

THREE cases made up the docket in police court Saturday evening, and all went to the hill. William McCune got sixty days on charges of disorderly conduct and resisting an officer.

At the brilliant iron works improvements are in progress. The 10-inch mill is being moved back 25 feet to make room for a 16-inch. The puddlers will go to work in about two weeks.

THE new consolidated bakery of leading Wheeling bakers will be built in the rear of Floto's bakery, on Sixteenth street. It will be begun soon and pushed to completion as early as possible.

TO-DAY the local butchers will leave for the annual meeting of the national association at Buffalo, N. Y. The members will march in a body from their hall to the W. & L. E. station, with a band.

THREE cases were run in by the police Saturday night, one man for disorderly conduct and one man and one girl for loitering in Alley C. It was a very quiet night, and yesterday a very orderly Sunday.

MEETINGS of the council committees on police, fire department and streets, alleys and grades have been called for this evening, the last named to consider the matter of the Cotts lot, on McCulloch street.

THE city gas trustees advertise in another column for proposals for furnishing coal for the ensuing year. Bids will be received till September 16, about two weeks before the term of office of the present trustees expires.

J. W. BELT, & SONS Co. have received an order to supply Tarris & Garrity, of Philadelphia, with 150 poplar sash doors. This is the first time that an eastern house has placed such an order with a Wheeling company.

A VERY clever swindler who passed here as Mr. Howard, got \$3,000 from a New York bank as Mr. Dreyfus, by washing the writing off a letter of introduction with acids and replacing it with a letter of credit, purporting to be from a Wheeling bank.

LASTING on Thursday evening struck a derrick and two oil tanks on the St. Cable farm in Turkeyfoot and the blaze from the burning oil lighted up the country for miles. A barn belonging to Bert Langford, two miles from Turkeyfoot was struck and burned also, along with a derrick near by.

THE Commoner and Glassworker has this to say of the flint glass trade: Shipments of lamp chimneys are increasing slightly, but not sufficiently to absorb the product of all the factories now at work, but manufacturers are not disturbed over this feature, as they feel that the demand will be fully able to take care of production in a short time.

THE Jefferson furnace under the management of the receiver is running smoothly, making 200 tons of Bessemer pig each twenty-four hours. Orders are in for all the product up to February. The furnace never before enjoyed such prospect for big business. As yet the receiver has not given notice to the effect that the company will take the mill out of the hands of the lessee, but may do so in the near future.

Nicaraguan Boundary Commission.

Colon, Colombia, Sept. 8.—The commission of Nicaraguan ministers sent to Costa Rica with reference to the boundary question visited Port Limon yesterday with President Iglesias. The city is in life in honor of the visitors.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co., only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

A BOYCOTT LIFTED

From the Northwood Glass Works by the Trades Assembly.

MARTIN'S FERRY STOCKHOLDERS

Who Were Under the Assembly Ban Also Taken Off the "Black List." A New Coal Miners' Union Organized at Gilchrist's Mines—The Profits of Labor Day—Other Business Transacted by the Labor Magnates.

Yesterday afternoon at trades assembly hall, on Market street, a very short session of the Ohio Valley Trades and Labor Assembly was held. President Riley in the chair and Secretary "Tom" Salisbury at the desk. Very little business was up for transaction and the meeting was over in a very short time.

The coal miners reported the organization of a new union, made up of Gilchrist's men. Their delegates to the assembly were admitted and obligated, as follows: Matthew Scott, James Cook and John Roland.

Local Union No. 15, of the flint glass-makers, asked the assembly to ratify its action in lifting the boycott off the Northwood glass works, of Ellwood, Pa., and a number of the Martin's Ferry stockholders. This action, it was explained, was to be taken because the Northwood is no longer a non-union concern, having recently agreed to employ none but union workmen. This being the case, the assembly took off the boycott on the Northwood Glass Company and the following Martin's Ferry stockholders: Henry Floto, William Mann, Henry Helling and Thomas Means.

The final report of the treasurer showed that the net proceeds of the late Labor Day celebration amounted to \$257. This was considered a fair showing in the face of the weather and other unfavorable conditions.

The Keymann Brewing Company presented a communication in which it states that the beer furnished the assembly on Labor Day was a gift and was not to be paid for. The donation was accepted.

Mr. F. C. Darby was appointed on the committee on laws in place of Roger W. Welsh, on account of the latter's sickness.

Gilchrist's Miners Organized.

District President Jerry Meade yesterday organized a new local union of the United Mine Workers of America, with the following officers: President, Matthew Scott; vice president, James Cook; recording secretary, Louis A. Frohlt; financial secretary, Andy Hoey; treasurer, Arthur Ingram; delegates to trades assembly, Matthew Scott, James Cook and John Roland. This union is made up of the miners in the Gilchrist mine, north of the city.

Robbed on a Train.

Last night a woman on the "cannon ball" train from Pittsburgh was robbed of \$9, while asleep near Elm Grove. A colored woman who was sitting near her was suspected, and a telephone message was sent to police headquarters. Lieutenant Supler went to the station, but no trace of the money could be found, and there were no grounds for an arrest.

The Pittsburgh Exposition 1895.

The Pittsburgh Exposition, opening this year Wednesday, September 4, and closing Saturday, October 19, forty days and nights, will unquestionably excel by far the attractions of all preceding years. A "grand change," as they say in the dance, is being made in the main and machinery buildings, and even the regulars, those who have been accustomed to view the exhibits many times in a season, will open their eyes in surprise.

The artistic improvements in designs of dress fabrics, headwear, that delight of the fair sex, in footwear, in countless kinds of wear, will be seen in profuse array at the stands of the leading Pittsburgh merchants. The wonderful designs wrought in wood and glass, in iron, steel and aluminum, evincing the remarkable ingenuity of the age in inventions and manufacture, will entertain the many thousands who wander through the vast enclosures, not to mention the thousands of other products too numerous to single out in a brief article. Then the children, those little darlings, who so like to be whirled around through space, as well as look at pretty things, what is again in store for them? The dear old merry-go-round is still there, and will be moving there when the Exposition opens to give them delight. The grand new switchback railway, 500 feet in length, with enough exhilarating ups and downs in it to charm a bird, six splendid hacks with six handsome cars accommodating ten passengers each, or sixty in all. This brand new out of door attraction will be immensely popular and will be a distinct novelty of the great Exposition.

Then the art gallery for the lovers of art. The features this year, it is proclaimed, will eclipse any yet displayed in the history of the Exposition, and it is well known the quality of the paintings displayed in past years were of the highest merit. Paintings by the world-famed artists of Europe will be on exhibition for the first time in this country. These alone will be worth many times the admission.

But music, that great attraction of all attractions, what a treat there is in store! One great band would suffice to bring the thousands, but when such a grand organization as Gilmore's band, under the direction of the great Gilmore's successor, Victor Herbert, opens the great affair, and, after playing several weeks, is followed by Contorno's Ninth Regiment band, of Brooklyn, and the only band, it would seem that enough has been said to predict that the Pittsburgh Exposition of '95 will be a grand and glowing success.

For months a large number of men have been employed in repairing and cleaning the buildings, beautifying the grounds and getting everything in readiness for the opening, which will be an event in the history of Pittsburgh.

The interior of the buildings will be beautifully decorated at an enormous expense. In fact, the management has spent money lavishly for the entertainment of visitors, and unless all signs fail, this year's Exposition will be the greatest in point of merit, attendance and entertainment since the foundation of the enterprise.

Special features each day, such as Flower Shows, Billiard Contests between World-Famed Billiardists, Ives, Shafer, etc., Bicycle Contests, Illuminations, etc., etc., will be a pleasing departure.

The railroads will do everything in their power to give persons within 150 miles of Pittsburgh an opportunity to visit this biggest of big shows, and will make liberal reductions in their rates.

A failure to visit the Pittsburgh Exposition this year will be an everlasting regret.

All pain banished by Dr. Miles' Pain Pills.

BELLADONE.

All Sorts of Local News and Gossip from the Glass City.

The board of health in this city has been called to meet at 8 o'clock this morning in consequence of the spread of the smallpox in Wheeling. There was considerable talk about quarantine against Wheeling yesterday, as most Bellaire people feel that the precautions of Wheeling health authorities heretofore have been very lax. The selection of Dr. Jepson as the health officer and the rigid measures proposed by him have inspired more confidence as to the care and guarding of patients, but it seems too late to confine the disease to ordinary limits, and Bellaire may quarantine this morning.

The attempt to hold a tax-payers' meeting here Saturday afternoon to take action looking toward retrenchment and reform was practically a fizzle and Hon. A. T. McKelvey and Hon. William Bundy, who came from St. Clairsville and Barnesville respectively, to encourage organization, were very much discouraged at the apparent apathy in this city on the subject.

Mayor DuBois made a tour of inspection yesterday of that portion of the city where saloons do sometimes violate the law, but report says all doors were tightly closed yesterday. The grand jury convenes on Tuesday at St. Clairsville and none of the saloon men wanted to take chances with it. But the mayor is said to have the names of a number of frequenters.

About thirty of the Grand Army boys will leave here this morning for Louisville. Many more had intended to go, but delay in the arrival of pension vouchers and other causes are given as a reason for not joining in the reunion.

Mr. James Wilson, who is superintending the extension of the Bellaire mail works plant, has been at his Delaware home for a few days, but will be here to-day.

There were only two occupants of the city bastille yesterday, and these were two drunken claps the mayor had run in the night before.

Miss Alice Cunningham, of the Fourth ward, returned home Saturday from Cleveland, where she spent a week with relatives.

Fred Mercer, of the Fourth ward, returned home Saturday from New Cumberland, W. Va., where he spent a month.

John Cratty leaves to-morrow for Columbus, where he will attend the Ohio State University this winter.

Louis Breshar came up from Sistersville Saturday night to spend Sunday with his family in this city.

Frank Maxwell, of Cleveland, is spending a few days with friends in this city.

Cook Danford left Saturday for Columbus, to attend the Ohio State University.

W. C. Thornberry returned Saturday from Glencon, where he spent a week.

MARTIN'S FERRY.

Haps and Mishaps in the Thriving City Across the River.

The Y. M. C. A. lecture committee expects to make a thorough canvass of the town to find out whether it would be advisable to give a course of lectures this winter. They have already engaged Prof. J. B. Dermott, Polk Miller and John R. Clark, but if enough tickets cannot be sold to insure them a success they will at once cancel these engagements.

About a dozen G. A. R. men leave this morning on the early train over the Cleveland & Pittsburgh for the encampment at Louisville.

Mr. Thomas Watkins, an old resident of this place, leaves to-day for Chicago, where he will make his future home with one of his sons.

Dr. Paul Morrison and wife leave to-morrow for New York City, where the doctor expects to take a course in hospital practice.

Howard Smith left yesterday to resume his studies in Lafayette college, after spending the vacation with his parents here.

Henry Koehrsen leaves to-day for Piedmont to attend the state council of the Jr. O. U. A. M.

Mrs. Steven Lowley and daughter, Mrs. William Hilton, are visiting friends in Cambridge.

Mrs. F. Feichman, of Cairo, Ill., is visiting Mr. and Mrs. Albert Lipphardt and family.

The glee club meets to-night at the home of Charles Hoyle, on South Fourth street.

Henry Floto leaves this morning for Tennessee on a business trip.

Quite a number of glassworkers are leaving for Elwood City.

A Syndicate of Monsters.

Here are the names of the abominable trio that compose it, hated and abhorred by man and woman kind—Grypsia, biliousness and constipation. What is the most successful way to attack and conquer these united monsters? Take Hostetter's Stomach Bitters, and they will pull up stakes and make tracks for parts unknown, leaving no trace behind. The Bitters also exterminate malaria, rheumatism and kidney troubles and nervous ailments.

Use Dr. Miles' NERVE PLASTERS for SPINAL WEAKNESSES. All druggists sell them for 25c.

NIAGARA FALLS and return. Wagner sleepers Saturday, September 21, Cleveland, Lorain & Wheeling railway. Leaves Bridgeport 5 p. m., Central standard time. Secure accommodations early. See agents Cleveland, Lorain & Wheeling railway.

Reader, did you ever take SIMMONS' LIVER REGULATOR, the "King of Liver Medicines"? Every body needs take a liver remedy. It is a sluggish or diseased liver that impairs digestion and causes constipation, when the waste that should be carried off remains in the body and poisons the whole system. That dull, heavy feeling is due to a torpid liver. Bilelessness, Headache, Malaria and Indigestion are all liver diseases. Keep the liver active by an occasional dose of Simmons' Liver Regulator and you'll get rid of these troubles, and give tone to the whole system. For a laxative Simmons' Liver Regulator is BETTER THAN PILLS. It does not gripe, nor weaken, but greatly refreshes and strengthens.

Every package has the Red Z stamp on the wrapper. J. H. Zettin & Co., Philadelphia.
